## GREAT POWERS ORDER NAVAL SHIPS TO CRETE

**They Will Occupy the Island If the Cretans Refuse  
to Comply With Their Demands.**

LONDON, Aug. 16.—A peaceful solution of the Cretan situation appeared practically to have been procured last week through the intervention of the four protecting powers and the scrupulously correct attitude adopted by the Greek government in its diplomatic intercourse with Turkey.

The Young Turkey party plainly mistrusts the present Turkish ministry and fears that Turkey will lose suzerainty of Crete, as she has lost that of Bulgaria.

As a result of the refusal of the population of Crete to haul down the Greek flag, which was raised when the troops of the powers, Great Britain, France, Italy and Russia, recently evacuated the island, the powers have ordered warships to Crete and probably will reoccupy the islands in order to force compliance with their wishes.

### Italian Cruisers Sail.

ROME, Aug. 16.—The Italian cruisers Francesco Ferruccio, Varese, Giuseppe Garibaldi and Giovanni Bausan sailed yesterday for Crete and were followed late last night by the battleships Regina Elena, Napoli and Vittorio Emanuele III.

### France Sends Cruiser.

TOULON, Aug. 16.—The armored cruiser Jules Ferry has been ordered to sail in readiness to sail for Crete. It is stated that similar orders have been given to the commanders of the battleships Jaureguiberry, Bouvet and Suffren.

### Government Resigns.

CANEA, Island of Crete, Aug. 16.—

The British battleship Swiftsure arrived yesterday in Suda Bay, in the western portion of the island.

The Cretan government has resigned and the administration of the island has been entrusted to provisional committees.

The committees have had the armed peasants expelled from the fortress, which they occupied Saturday night, intending to resist the order of the powers that the Greek flag be lowered. The committees, however, have not had the flag hauled down.

### Turkish Fleet at Smyrna.

CONSTANTINOPLE, Aug. 16.—The Turkish fleet remains at Smyrna, the government on the advice of the powers having postponed sending it to Crete. The boycott and demonstrations against Greeks continues to spread.

### Greece Says Lower the Flag.

ATHENS, Aug. 16.—The entire press in Greece advises the Cretans to lower the Greek flag over the fortress at Canea and not show defiance to the protecting powers.

### Peasants Will Defend Flag.

CANEA, Crete, Aug. 16.—A band of armed peasants entered Canea late Saturday night and occupied the fortress, determined to prevent the carrying out of the powers' command for the removal of the Greek flag. Numbers of deputies arrived in Canea during the evening to attend parliament.

## LIGHTNING PRANKS ON SUNDAY EVENING

**GOES INTO TENT MEETING AT  
NEWBERRY BEFORE SERVICE.**

**Both Preachers and the Wife of One  
Were Stunned for Number  
of Hours.**

A thunder and lightning storm at Newberry on Sunday evening played pranks with the tent which was erected for the purpose of holding religious meetings.

Late in the afternoon the storm came up, and as the tent was erected in a sapling thicket, one of the sapplings was struck with lightning which ran into the tent and stunned all of the members, consisting of the two preachers, Revs. Coone and Walls, besides the wife and child of one of them.

They are known as Wesleyan Methodists and were assembled there for the purpose of holding religious tent meetings, but the episode will probably change their plans for the present, at least.

The heel on the shoe of Rev. Willis was knocked off, while all of the members suffered from the jar and were dazed for a number of hours, none of them fully recovering until Monday morning.

within two months after the said grant of privilege.

"And, whereas, the City Council aforesaid has refused to grant you the said privilege, of which it has given us official notice under date of July 27, 1909; whereby it becomes necessary that our said Order No. 274 should be modified or altered.

"Therefore, you are hereby notified that we shall hold a meeting at our office in the city of Tallahassee on the 26th day of August, A. D. 1909, at 10 o'clock a. m., for the purpose of considering in what matters and particulars the said Order No. 274 should be modified or altered, and what further order we shall make in the premises, when and where you shall have a full and fair opportunity to be heard thereon.

"Witness the hand of our chairman affixed in open session of our board by direction thereof at our office in the city of Tallahassee this 11th day of August, A. D. 1909.

"R. HUDSON BURR,

"Chairman Board of R. R. Comrs.  
"Attest: S. E. COBB, Secretary."

### Depot at Wade.

"In the matter of the erection of a freight and passenger depot at Wade, a station on the line of the Atlantic Coast Line Railroad Company in this State.

"To Atlantic Coast Line Railroad Company:

"Take notice that we shall hold a meeting on August 26th, 1909, at 10 o'clock a. m., at our office in the city of Tallahassee, when and where we shall hear and consider whether or not we ought to require you to erect a freight and passenger depot at Wade, a station on your line of railroad in this State, and also of what character, arrangement and dimensions the same ought to be, in case we should require you to erect it. At such meeting you shall have a full and fair opportunity to be heard thereon.

"Witness the hand of our chairman affixed in open session of our board, and by direction thereof, at our office in the city of Tallahassee this 13th day of August, A. D. 1909.

"R. HUDSON BURR,

"Chairman Board of R. R. Comrs.  
"Attest: S. E. COBB, Secretary."

### Sent to Asylum.

Pearl Davis, the young white girl brought here from Archer, was adjudged insane and has been sent to the State Asylum at Chattahoochee.

## MONUMENT IN HONOR OF WOMEN OF THE SOUTH

**Designed by Miss Belle Kinney of Nashville---Rep-  
lica to Be Erected in Each Southern State.**

ATLANTA, Aug. 16.—Befitting in nobility of conception and beauty of execution the subject it is to commemorate, the design for the monument to the women of the Lost Cause has been completed. It is the work of a Dime girl, Miss Belle Kinney of Nashville, Tenn., and has been accepted by several States. It is probable that all the States which left the Union in the Civil War will adopt the design and that replicas of the monument will be placed in the capitols of each.

The design for the proposed monument is very beautiful and elevating. The central figure, of heroic size, is the goddess of fame. At her right the reclining figure delicately featured, beautiful, but with an expression of exquisite sadness, represents the self-sacrificing Southern women of the war time. Fame is represented as placing a wreath upon the Southern woman's head, while she supports, at her left, a dying and emaciated Confederate soldier, to whom the Southern woman is extending, even in death, the palm of victory.

The design is such that it readily lends itself to reproduction either in marble or bronze.

A year or more ago the Daughters of the Confederacy and the Sons of Confederate Veterans decided upon the erection of these monuments in every State capitol in Dixie. The work was to have been done by an

Italian sculptor. When his design was submitted at the late Confederate reunion in Memphis it raised a storm of protests. The artist had pictured the Southern woman as a militant and Amazonian figure, carrying in one hand a sword and in the other the banner of the Lost Cause. This conception was as foreign to the gentle, suffering and patient woman of the Southland as those who loved her head known her, that the design was rejected by an overwhelming vote. The angered artist decided to submit another and Miss Kinney was appealed to. Tennessee has appropriated \$2,500 through the Daughters and Sons of the Confederacy for a bronze cast of the design. Other States are raising funds for the purpose and it is believed that by fall each of the former Confederate States will have followed suit.

Miss Kinney, the artiste, is but 22 years of age and is already a sculptor of more than national fame. She was recently awarded the contract for a heroic statue of the late Senator Edward W. Carmack, of Tennessee, killed by Cooper. When but a child she received a prize at the Centennial in Nashville for a bust of her father. She received her education in art at the Art Institute at Chicago and later studied abroad. She was awarded the contract for twenty Igorrote figures at the Field Museum and has attracted a great deal of attention in art circles throughout the world.

## Eight Persons Are Killed And Fifty Others Injured

COLORADO SPRINGS, Colo., Aug. 16.—Eight are dead and fifty wounded, some fatally, as a result of a head-on collision between train No. 8, northbound, and train No. 1, southbound, on the Denver and Rio Grande at Husted, thirteen miles north of Colorado Springs. The trains, both running at terrific speed, met on a curve, and their crews had no opportunity to avert the collision. Train No. 8, drawn by two engines, telescoped the baggage car and smoker of No. 1, and all three engines went into the ditch.

With more than 400 passengers on the two trains, the excitement following the accident was indescribable. All the passengers were thrown in a screaming mass on the floors of the cars, and many were hurt in the stampede to escape. The unhurt rushed to the aid of the injured, but so great was the confusion that it required half an hour to clear the cars, which were enveloped in clouds of steam from the engines.

Relief trains, bearing surgeons and nurses, were rushed to the scene of the wreck, and the wounded were brought to local hospitals. It is said that the officials of the road place the blame of the wreck upon the crew of train No. 8, who were ordered to meet No. 1 at Husted.

It is claimed the crew mistook a switch engine and cars for No. 1, and believed the track was clear.

The following are among the dead: Frank M. Frederick, St. Louis. C. S. Brown, Jerrico Springs, Mo. J. A. Gossage, Husted, Colo., fireman No. 8.

R. F. Larkens, Colorado Springs, Colo.

J. K. Parker, Denver. J. R. Parker, Chicago. Two unidentified men.

## Chinese Woman Killed in New York's Chinatown

NEW YORK, Aug. 16.—Chinatown boiled over again early yesterday on discovery of the murder of the most beautiful of the few Chinese women in New York, Dow Kim, 21 years old, who came here from San Francisco about a year ago with an Americanized Chinaman, Chin Len, 31 years old. It was about 2 o'clock Sunday morning just as the usual Saturday night revelries were quieting down, that

Chin Len dashed out of a tenement house at 17 Mott street, crying:

"My woman been murdered."

The street, filled with loitering Chinamen and parties of American sight-seers, all of whom quickly recalled the sensational murder of Elsie Siegel, the missionary girl, was thrown into excitement. The police hurried into the house under Len's

## Collision Between Engine And Auto Injures Children

WRIGHTSVILLE, Ga., Aug. 16.—Two children are dying, three are badly hurt and a negro man, who was with them, is injured, as the result of a collision between an automobile in which the children were riding and a passenger train on the Wrightsville and Tennille road near here. The fatally injured are Nina and Rogers Tompkins. The less seriously hurt are Oswald, Emma and William Tompkins.

The children are brothers and sisters and all young. Oswald was at the wheel of their parents' big touring car and they were all returning to this place from their father's plantation, which is a few miles away.

The machine and train approached

the crossing where the accident occurred at about the same speed. Oswald Tompkins tried in vain to back out of the way but the train rammed the automobile before his efforts could succeed. The car was hurled into the air and the children spilled out. Nina and Rogers Tompkins were terribly hurt and cannot survive, physicians say, through tomorrow. The leg of the negro man who was with the children was broken. Mr. and Mrs. Tompkins returned last night on a special train over the Macon and Dublin railroad.

## Railroad Commissioners Will Act Regarding Depots

TALLAHASSEE, Fla., Aug. 16.—The Railroad Commission has issued the following citations to the Atlantic Coast Line which will be of interest to the people of Alachua county:

"In the matter of passenger depot facilities of the Atlantic Coast Line Railroad Company at Gainesville, a station on its line in this State.

"To Atlantic Coast Line Railroad Company:

"Whereas, by our order No. 274, here-

before made and entered in this proceeding, namely, on May 26, A. D. 1909, we directed you to make certain additions and changes to and in your said passenger depot at Gainesville aforesaid, including a canopy over the street in front of said depot, and also directed you to begin the work within thirty days after the City Council of said city should grant to you the right and privilege of erecting the said canopy, and to complete the work

## CANDIDATES NEARING FINISH IN CONTEST

FOR TWO HANDSOME PIANOS AND  
THE DIAMOND RING.

Miss Lucinda Bryant Polled Nearly  
Half a Million Votes Since Satur-  
day's Count—Vote in Detail.

The largest number of votes cast in  
any one count in the Co-Operative  
Contest was that of Monday, though  
the number was distributed among  
a few candidates.

Miss Beal again leads in the Gaines-  
ville district, Miss Jolly increases her  
lead in the Southern, and Miss Bryant  
takes first place in the Western.  
Otherwise there is little change in the  
standing of the candidates.

The contest is now at fever heat,  
and the candidates are hard at work  
for the coveted goal, which only one  
in each division can reach.

The votes will be taken up at the  
various voting places Wednesday  
morning at 8 o'clock and at 6 o'clock  
p. m., and no votes will be received at  
The Sun office after 6 o'clock p. m.  
Wednesday, August 18th.

Some of the candidates are no  
doubt surprised at the vote in today's  
paper, but there are still bigger sur-  
prises in store, for the bulk of the  
vote will be cast today and tomorrow.  
The prizes may yet be won through  
subscriptions to The Sun, as there  
is no limit to the number of papers  
one candidate may obtain.

Candidates and their friends should  
bear in mind that we take up votes  
only from the voting places advertised  
in The Sun, and it is not our fault if  
they place them in boxes at other  
stores and the same are not counted  
on account of being out of date.

Following is the vote:

## CHINESE WOMAN KILLED IN NEW YORK'S CHINATOWN

(Continued from Page One.)

direction. The murdered woman lay  
on the floor of a bedroom stabbed in  
half a dozen places. Her slender neck  
was ringed with bloody finger marks,  
indicating a struggle with her assail-  
ant. Beside her lay a crusted hunt-  
ing knife.

It was evident that the woman had  
been dead for two or three hours. On  
the stairs were found traces of blood,  
and also on a door leading to the  
store of Yuen Chin & Co. on the  
ground floor. Three Chinamen there  
were arrested, although they denied  
any knowledge of the murder. Six  
American women, who declared them-  
selves to be the wives of Chinamen,  
were found in the house and arrest-  
ed, but none would admit any knowl-  
edge of Bow Kim's death.

In the murdered woman's room were  
found many business letters in Chi-  
nese, but none that gave a clue.

Len's account of himself was that  
he had spent the early evening with  
his wife. Returning at 2 o'clock in  
the morning, he found the body on  
the floor. In touching it he had  
soiled his hands with blood, which in  
turn had smeared the door and stair-  
way, as he hurried to the street. No  
formal charge has been preferred  
against Len, but he is held in \$5,000  
bail as a material witness.

### Laying of Corner Stone.

To the Public: The corner stone of  
Evinston Methodist Episcopal church,  
South, will be laid Wednesday, Aug.  
25th, the exercises to begin at 10:30  
a. m.

The Masons have been invited to  
lay the stone. A picnic dinner will  
be served on the grounds. Prominent  
speakers have been requested to be  
present and deliver addresses suited  
to such occasions. A baseball game  
is planned for the afternoon.

The public generally is invited to  
attend. We hope to have a large  
crowd to spend a pleasant day and  
help in a good cause. The Woman's  
Home Mission Society will serve re-  
freshments in the afternoon. Our  
friends of Micanopy, McIntosh and  
surrounding country are requested to  
bring well-filled baskets.

## BROWNING KILLED BY BEING THROWN

MUST HAVE SUFFERED SOME IN-  
TERNAL INJURY.

Was in the Act of Driving Beef in  
Slaughter House Near Trenton  
at the Time of Accident.

M. T. Browning, a well-known and  
prominent citizen of Trenton, was  
killed at that place on Saturday by  
being thrown from his horse which  
had come in contact with a mad cow,  
which he was penning for the pur-  
pose of butchering.

Mr. Browning was engaged by J. A.  
Durrance to do his butchering, and  
as was his custom, went out to the  
slaughter house early Saturday morn-  
ing, about 4 o'clock, to round up his  
beef, but when nearing the entrance  
to the butchering pen the cattle be-  
came unruly and made a dash for the  
horse upon which the gentleman was  
riding, with the result that horse and  
rider were thrown to the ground.

The shoulder and back of his head  
showed signs of having been bruised,  
although he must have suffered some  
internal injury, for he never regained  
consciousness and died Saturday even-  
ing about 5 o'clock. Both Drs. Clyatt  
and Williams were summoned and did  
everything possible for the wounded  
man, who was taken to Trenton im-  
mediately after being injured.

His death is deeply regretted by  
the citizens of that section, for Mr.  
Browning leaves a large family, con-  
sisting of a wife, four daughters and  
two sons, the children all being nearly  
grown.

### BRICK ARE BEING PLACED

Next Week Will Witness the First  
Bricklaying on Building.

Superintendent Miles of the Govern-  
ment building stated that they would  
commence the laying of brick on the  
building by next week.

The first of the shipment has al-  
ready arrived and he is looking for  
them to come in at the rate of a car-  
load a day until the order has been  
completed. He states that a number  
of bricklayers have been engaged and  
they will commence to arrive by the  
first of the week.

The forge and other tools having  
arrived a large force is now engaged  
in placing all of the riveted bolts in  
position, and the manner in which  
they are pitched about is quite a novel-  
ty for this section.

The force of experienced workers  
is gradually increasing at the build-  
ing and it will be only a short while  
before all of the cheap labor will be  
dispensed with, and nothing but ex-  
perienced men placed to do the work.

### SERIOUS CUTTING AFFRAY.

Two Negroes Use Knives on Saturday  
Night at Paradise.

Two negroes became engaged in a  
fight at Paradise on Saturday night  
when both of them were badly cut  
to pieces.

Nothing could be learned of the af-  
fair at the sheriff's office, but parties  
who informed the reporter stated that  
both negroes were seriously cut, and  
the row started over a "skin" game,  
but the informant did not know  
their names.

## S.S.S. CURES ECZEMA, ACNE, TETTER ETC.

While Eczema, Acne, Tetter, Salt Rheum, etc., are troubles which affect  
the skin, their source is far deeper than the outside. These afflictions  
are caused by irritating humors, or uratic acid in the blood. Such impurities  
inflammate and irritate the delicate net-work of fibrous tissue which lies just  
beneath the surface of the outer skin, and the inflammatory discharge thus  
produced is forced out through the pores and glands, and is continually  
scratched off the flesh is left raw and more susceptible to other infection.  
It can very readily be seen then that to produce a cure the circulation must  
be purified and cleansed. This S.S.S. will do. It goes down to the very  
bottom, removes all humors and impurities, neutralizes the excessive acids  
of the system and in this way removes the cause of disease. Local applica-  
tions can only soothe the irritation and assist in keeping the skin clean; they  
never produce a cure because such treatment does not reach the blood.  
S.S.S. restores to the thin, acrid blood all its lost properties, makes it  
pure and rich and enables it to nourish the skin and keep it soft, smooth  
and healthy. Book on Skin Diseases and any medical advice free to all  
who write.

## ALDERMAN GOODWIN AND CITY STUNTS

WILL TRY TO STOP PRESENT SYSTEM OF "REPAIRING."

Says That In Neighborhood of \$1,000 Is Now Being Expended Each Month.

"Judging from the numerous and adverse criticisms," remarked Alderman J. A. Goodwin on Monday, "and the fact that the streets of Gainesville are not properly constructed, I will offer at the next meeting of the City Council the following resolution:

"Resolved, That on and after this date that all street teams, except two trash wagons, and the services of the street superintendent and city surveyor, be dispensed with until such time as the City Council shall arrive at some definite plan for the construction of its streets."

"I feel that this matter is of great importance to all citizens, and I take this method of calling your attention to it, so you may have an opportunity to discuss same."

"Under the present system there is being spent in the neighborhood of \$1,000 each month on the city streets, and at this rate it would require only a short while to have sufficient money to construct vitrified streets, for in the first place the work that is being done is entirely useless, and has to be done over within a few days."

"There is now less than \$1,100 in the city treasury to operate the street work on until next December, and at the present rate it will last only a little over a month. It is time there was some discussion on the question."

"The Sunday ordinance will also receive my attention at an early date, but I have been so busy of late that I have been unable to get to it, but I promise a just and equal law to all in place of the one that is now covering the books."

she can make the most delicious ice cream in ten minutes, freezing and all, at a cost of about one cent a dish—and never go near the stove. Your grocer will tell you all about it, or you can get a book from the Genesee Pure Food Co., Le Roy, N. Y., if you will write them. Grocers sell Jell-O Ice Cream Powder, two packages for 25 cents.

### MARRIED ON SUNDAY.

Two Popular Gainesville Young People Join Future Destinies.

At the home of the bride's parents, Mr. and Mrs. A. G. Colclough, on Sunday evening at 5 o'clock, Mr. James E. Ledbetter and Miss Lena, the eldest daughter, were quietly married, Rev. F. R. Bridges performing the ceremony.

Only a few of the immediate relatives of the bride were present and the affair, which had been kept very quiet, came as a great surprise to their many friends throughout the city.

The bride is the eldest daughter of Mr. and Mrs. A. G. Colclough and was born and reared in this city, where she has won friends by her many kind and generous acts and a cheerful disposition.

The groom has been a resident of Gainesville for the past two years, being employed by Philip Miller, and has made a host of friends by his genial and pleasant manners.

They are at present located in the Ledbetter cottage, where they will make their home for the present. The Sun, with other friends extends to them congratulations.

### FLOYD—WETHERINGTON.

On Sunday evening, August 8th, at 4 o'clock at the home of the bride, three and one-half miles west of Alachua, Mr. C. K. Wetherington and Mrs. Mamie Floyd were happily united in the holy bonds of matrimony. The groom is a prosperous mechanic of hives and numbers his friends by his acquaintances, while the bride is the beautiful daughter of Mrs. A. J. Suggs, and is very popular in the neighborhood in which she lives.

Mrs. Wetherington as Mrs. Floyd was dearly loved by all who know her. The bride was most becomingly dressed in white silk and wore a beautiful silk bridal veil, while the groom wore the conventional color of black serge.

The parlor was most beautifully decorated in green and white, cedar and roses being used.

At 7:30 a bounteous supper was served and delicious refreshments enjoyed by all present.

The beautiful ceremony was performed by Rev. Ware in his impressive manner.

The happy couple will reside at present at the home of the bride. Both the bride and groom have a host of friends, besides a large number of relatives in Alachua county, who wish them a long and happy journey through life.

### Birthday Party.

Saturday being the occasion of Miss John Chenevix's eighth birthday, Mrs. Jack Baile gave him a party at her home. About seventeen of the little party's friends were invited to be present. The surprising feature of the afternoon was a "Finger Brown" contest. The children, with Miss Baile, endeavored to pin the "Finger Brown" on the back of the "Finger Brown" and the winner was Mrs. Baile. The children, with Miss Baile, were very much amused and enjoyed the contest. The children, with Miss Baile, were very much amused and enjoyed the contest. The children, with Miss Baile, were very much amused and enjoyed the contest.

### A Weepling

Is the only way to describe the poor child that is afflicted with worms. No matter how much or how often it eats, the worms get all the nourishment from the food—the child gets practically none. White's Cream Vermifuge gets rid of the worms quickly, easily and with no bad after effects. Price 25 cents a bottle. Sold by W. M. Johnson.

## PERJURY CHARGED AGAINST WITNESS

JAMES GRANT TAKEN TO PALATKA FOR TRIAL AT EARLY DATE.

Witness in Kelley-Davidson Trial Alleged to Have Given Evidence Concerning the Killing of Sellars.

JACKSONVILLE, Fla., Aug. 16.—Perjury and contempt of court, two offenses against the majesty of the law, are lodged against James Grant, colored, of High Springs, Fla., who was arrested Friday night by Patrolman Watkins, in this city.

Grant was pointed out to the patrolman by T. L. Bryan, a special agent of the Atlantic Coast Line, who worked up the case against James Kelley and D. M. Davidson, charged with the murder of Special Agent Sellars, of the same company, at High Springs, and in connection with the trial of which the two offenses charged against Grant were committed.

### Taken to Palatka.

Grant was turned over to R. L. Kennerly, sheriff of Putnam county, and was returned to Palatka for trial. He was one of the witnesses in the first trial of Kelley and Davidson at Gainesville, Fla., but, although subpoenaed, failed to appear at the retrial at Palatka, where the case was taken on a change of venue, and where the two men were convicted of murder in the first degree, with a recommendation to the mercy of the court.

Grant is in contempt for failing to appear at this trial and it is alleged that he kept away because it was discovered that he perjured himself in giving testimony at the first trial.

It was learned that at the time of the murder of Sellars, Grant was serving time in one of the State camps on a minor offense. Fearing he would be held on this charge he did not appear at the trial in Palatka, and will now have to face a combined charge of perjury and contempt.

Itching, bleeding, protruding or blind piles yield to Doan's Ointment. Chronic cases soon relieved, finally cured. Druggists all sell it.

Isn't there something which only a want ad. can do for you today?

## Surprising, What Kodol Will Do

For you, when you need it. But the longer you neglect indigestion, the more you will suffer before Kodol can restore Good Digestion.

And, of course, indigestion if neglected long enough, brings on serious diseases in which Kodol cannot benefit you. Some of these there is no help for at all.

There are, in fact, very few ailments which cannot be traced directly to impure blood. And impure blood is always due to a disordered stomach.

Use Kodol and prevent Nervous Dyspepsia.

Kodol will effectually assist Nature to secure a complete restoration of good digestion. It does this by at once digesting all food in the stomach and keeping it digested, until the stomach is rested and can resume its own work. Kodol removes the cause—and the effect quickly removes itself.

When it is recalled that Apoplexy, Heart Disease, Cancer—and even Consumption—are due to poor digestion and poisons thus transmitted to the blood, and throughout the system—the importance of maintaining good digestion is at once realized.

We knew what Kodol would do before ever the first bottle was sold. If we did not know just what it will do, we would not guarantee it the way we do.

It is easy for you to prove Kodol—the next (or the first) time you have an attack of indigestion. And you will certainly be surprised at the results. It is perfectly harmless.

There can be no harm in trying something that may do you a great deal of good—when it costs you nothing if it doesn't.

### Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2½ times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

## TELEPHONE TALKS

### The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems,

operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

## THE SUN'S CORN CONTEST.

With a view to showing what is done in Alachua county in the way of producing corn, The Sun offers the following cash prizes for the best corn brought into the office before October 15th, 1909:

Best stalk of corn, showing two or more well-developed ears..... \$3.00  
Second best stalk of corn..... 1.50  
Best ear of corn..... 2.00  
Second best ear of corn..... 1.00

The corn entered must be grown in Alachua county; must be delivered at The Sun office, all charges paid, before October 15th, and be accompanied by the grower's name, address, number of acres grown, average yield per acre, variety, and a short description of the method of cultivation.

The exhibits will be placed in some public place and left on exhibit for a few days at the close of the contest. The awards will be made by competent farmers, who have not entered any corn in the contest.

The object in offering these prizes is to stimulate our farmers to better things in the way of crops for home use and to ship.

Our esteemed friend Russell of The Palatka News is greatly "exasperated" over a report of the recent game of baseball in this city between the Palatka and Gainesville teams, which was written by Jack Shea. It was all right for the Palatka papers to "roast" our ball players, as well as Manager Henry Davis, over a game played in that city where they refused to play more than nine innings on account of the decisions of the Gem City umpire, but all wrong for The Sun to admit into its columns any criticism of the Palatka players and their rooters. The statement that Harvey Hutchinson was unfair in his decisions as umpire is untrue. He is noted for his impartial rulings as an umpire, and there is no man in Florida better posted as to the rules of the National game. A careful canvass of the Oak Hall players has failed to disclose the "hired player" who is alleged by The News to have complained of the umpire's decisions as to the Palatka players, and we challenge the paper to name him.

Magistrate Crane of New York City says: "Ninety-nine out of a hundred boys between the ages of ten and seventeen years who come before me charged with crime have their fingers disfigured with yellow cigarette stains. \* \* \* I am not a crank on this subject; I do not care to pose as a reformer, but it is my opinion that cigarettes will do more than liquor to ruin boys. When you have arraigned before you boys hopelessly deaf through the excessive use of cigarettes, boys who have stolen their sisters' earnings, boys who absolutely refuse to work, who do nothing but gamble and steal, you cannot help seeing that there is some direct cause, and a great deal of this boyhood crime is, in my mind, easy to trace to the deadly cigarette. There is something in the poison of the cigarette that seems to go into the system of the boys and to destroy all moral fibre."

Dr. Gaston Day, a Gainesville boy, and son of Capt. and Mrs. H. E. Day, has been elected city physician of Jacksonville. The Gainesville boys make their mark wherever they locate, but Dr. Day is one of the brightest young men in the State, and The Sun predicts that he will some day be at the head of the medical profession of Florida.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

If prohibition proves a failure under the new Alabama law the prohibs might just as well throw up their hands. If you have liquor on your person or in your place of business it is prima facie evidence that you have it for sale, and you have to prove that you are not guilty instead of the State proving your guilt. If the law is strictly enforced there is little doubt that accommodations will have to be greatly increased at the county jails.

The editor of The Sun is pleased to note the increasing popularity of the University of Florida since the election of Dr. Murphree as president of the institution. SHOOTING AFFAIR AT MILLARD STATION

WOMEN AND BAD WHISKEY WAS CAUSE OF TROUBLE.

Sheriff Ramsey is on Alert to Break Up Practice of Gambling in This Section.

A negro shooting is reported from Millard's Station, the same having occurred at that place on last Saturday night.

It seems that a number of negroes of Gainesville, together with a gang that infest that section, congregate in this neighborhood, and from reports, engage in gambling, drinking and a general rough time with a low class of women that also infest the place.

The shooting was done by Henry Williams, and while the shot was only a flesh wound, inflicted in the thigh of one Chas. Muldree, it has been traced to whiskey and bad women, and the officers are now at work endeavoring to break up the gang.

Complaint has recently been made to the sheriff about the practice of gambling in this section and he has on numerous occasions gone there himself to try and locate some of the mischief, and states that he will stop it if he has to station a deputy there permanently.

Muldree, the negro who was shot, is not seriously hurt and will be able to get around all right within a few days, while Henry Jackson, who did the work, is still at large.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Tell for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a Destroyer or Killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Are YOU Being "Hunted?"

One of today's want ads. may be hunting you—ransacking the city for you. It may have a message for you of urgent personal importance—one that, when you get it, and heed it, may change the immediate currents of your activities, of your interests—may even place around and about you new environments, new associates; may give you an entirely new start in a business way.

Isn't it worth while to try to find out whether this may not be true—today, tomorrow, or very soon?

# GAINESVILLE, —THE— University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; the heart of the truck-growing, phosphate and mineral stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages combined with a progressive and enterprising community, citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Palmer Prairie, the Devil's Mill Hopper, Warren's Cave and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the extremes in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

# TWO PIANOS AND A DIAMOND RING

## Total Cash Value, \$1,000.00

### To Be Given Away by the Merchants and The Sun to Citizens of Alachua County!

## Each Section Gets Prizes!

Contest to Close August 18, 1909

Realizing that all should share alike in the distribution, leading business houses have joined in the combination to give away Two Handsome Pianos and One Diamond Ring to residents of Alachua county in three different sections. These progressive firms will give One Vote for each penny spent with them.

In the event of a tie for any prize offered, a prize similar in all respects thereto will be given each of those tying.

THE A. R. HARPER PIANO CO. of Jacksonville, from whom the pianos for this contest were purchased, have agreed to offer extra prizes as follows: To the first five candidates in each district, excepting the winners of the capital prizes in the said districts, one certificate each for \$100.00 which will be redeemable in cash as a payment on any piano handled by them—the Everett, Harvard, Dayton or John Church Pianos. In addition to this they will give a certificate good for \$25 to all other contestants in the race, and will make special arrangements with anyone to take care of their paper on all purchases of instruments at the cash price.

**The Gainesville Section** Will embrace the city and suburbs and be confined to a radius of four miles in each direction. The winner in this district will be awarded a HANDSOME DIAMOND RING.

**Eastern and Southern Section** Will comprise territory from Fairbanks all points east and from Rochelle all points south—Waldo, Hawthorn, Island Grove, Campville, Micanopy, Lake View, Tacoma and all points along line of T. & J. Ry. ONE PIANO.

**Western and Northern Section** Will comprise all stations from Hague to High Springs, Trenton, Wannee, Wilcox, Bell, Newberry, Jonesville, Archer and all settlements covered by this area. ONE PIANO.

## How and Where to Get Votes

The following merchants will give one vote for every cent paid into their establishments for goods which they handle:

#### Witnessed Cloud Burst.

Dr. J. H. Alderman, John Chesnut and James Chesnut formed a party who visited Alachua last Sunday to take a look at the magnificent farm of John Chesnut. While they were there a cloud burst occurred, which compelled them to remain over, for a place that they had crossed in the forenoon was deep enough after the rain to swim a horse, and there was no way out except to go via Newberry, which was done at an early hour Monday morning.

#### Continues to Improve.

Geo. R. Ellis returned yesterday from a short visit to his brother, T. B. Ellis, Sr., who is now in the hospital in Jacksonville. He states that the operation was most successful and that his brother is highly elated over the fact that his vision has been restored in the eye operated upon. He is still wearing the dark cloth, however, and will not be permitted to come in contact with the outside light for some days to come.
